Jeanette Ives Erickson, RN, MS, FAAN

*Senior Vice President
Chief Nurse*

Dear Colleague:

Thank you for your interest in the ***Revised Professional Practice Environment (RPPE) Scale***. The ***RPPE*** scale is intended to measure staff perception of eight components found in the clinical professional practice environment. The RPPE has been translated into multiple languages, adapted (with MGH permissions) for use in several different settings, across all care delivery disciplines, and has been used extensively throughout the world. Additional information about the RPPE, including the instrument request form, can be found by clicking on the links below.

- [About the RPPE](#)
- [Operational Definitions](#)
- [Publications Citing PPE/ RPPE](#)
- [RPPE Utilization World Map](#)
- [Instrument Request Form](#)

Please feel free to direct all communications and questions concerning the use of the scale be sent to Jeff Adams, PhD, RN at jadams9@partners.org. We wish you success with your research endeavor and look forward to reading your results.

Sincerely,

A handwritten signature in cursive script that reads "Jeanette Ives Erickson".
